Dear Mr. Tarpo:

Re: Request for Information
Waste Disposal at Gary
Development Company, Inc.
Gary, Indiana

This is to request copies of any hazardous waste manifests maintained by American Chemical Service, Inc., for wastes shipped to Gary Development Company, Inc., at 479 North Cline Avenue, Gary, Indiana (EPA Identification No. 077005916).

Earlier inspections at American Chemical Services, Inc., indicated that approximately 33 shipments of hazardous waste, labeled "F005," were sent by manifest to Gary Development in 1981. We would appreciate receiving copies of these and any other manifests for hazardous wastes shipped to this site.

It is also our understanding that other shipments of the same material were erroneously sent without manifests to this site until early 1981. We would appreciate any information you may have on these shipments as well as any other hazardous wastes generated by your firm which were transported to Gary Development Company, Inc., for disposal.

This request is necessitated by Gary Development Company's desire to undergo closure as a hazardous waste disposal facility and will aid us in determining the required nature and extent of closure activities at this site.

Thank you for your cooperation and assistance in this matter.

Very truly yours,

Guinn Doyle, Chief
Hazardous Waste Management Branch
Division of Land Pollution Control
